FOR IMMEDIATE RELEASE

**Golden Eagle to Present at Micro Cap Conference for
Investment Professionals**

SALT LAKE CITY, UTAH—(BUSINESSWIRE)---April 18, 2007---Golden Eagle International, Inc. (OTCBB: *MYNG*) announced today that its CEO, Terry Turner, will present the Company’s perspectives to the Micro Cap Conference for Investment Professionals in Denver, Colorado on April 18, 2007.

The Micro Cap Conference is an annual event hosted by EdgeWater Research Partners, LLC, a company specializing in independent micro cap research.

Mr. Turner will describe the Company’s C Zone pilot gold operations in eastern Bolivia and explain plans for scaling up to commercial gold production pending final due diligence regarding committed financing.

Golden Eagle’s CEO will also present observations that resulted from his recent trip to Bolivia during the last week of March 2007 accompanied by consulting engineers. During that visit he reviewed progress at both the C Zone gold project and reviewed opportunities for further development at the Company’s A Zone Buen Futuro gold and copper project.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS AND RISKS

Some of the statements in this press release are forward-looking statements and are based on an assumed set of economic conditions and courses of action, including: (a) whether Golden Eagle' will be able to obtain sufficient financing to continue to meet its operational goals; (b) estimates of mineral reserves, mineralized material and future production levels; (c) expectations regarding estimated mine production costs taking into account higher petroleum prices, expected trends in mineral prices, and statements that describe Golden Eagle's future plans, objectives or goals; (d) uncertainties that result from actions that may be taken in Bolivia relative to increases in the Complementary Mining Tax, Corporate Income Tax or the amount paid for mining patents [claims fees] in the future; e) uncertainties that result from social and political conditions in Bolivia; and f) other risk factors and matters disclosed in Golden Eagle's Securities and Exchange Commission ("SEC") filings which may be accessed at www.sec.gov. There is a significant risk that actual material results will vary from projected results depending on such factors as changes in general economic, social and political conditions in Bolivia and financial markets; changes in gold and copper prices; technological and operational hazards in Golden Eagle's mining and mine development activities; uncertainties inherent in the calculation of mineral reserves, mineral resources, mineralized material (which has the lowest level of technical confidence) and metal recoveries; the timing and availability of financing; governmental and other approvals, and other risk factors listed from time-to-time in Golden Eagle's Form 10-KSB and its other reports filed with the SEC. No information provided in this press release should be construed as a representation, or indication in any form or manner, of the present or future value of the Company or its common stock. Readers of information contained in this press release should carefully review the Company's Form 10-KSB, which was filed on April 17, 2007, that contains important information regarding the Company's financial results, its future plans and their limitations, and the risks involved with the Company's operations. Additionally, nothing in this press release and our plans with respect to the Buen Futuro A Zone gold and copper project, as well as the B & C Zone gold project, should be construed by any means as an indication of whether we will ever conduct successful mining operations in connection with those projects. Golden Eagle disclaims any responsibility to update forward-looking statements made herein.
